

# Day One - 5th March

**MADE  
SMARTER**  
INNOVATION

SMART  
MANUFACTURING  
DATA HUB

9.15 - 9.45	Registration	Tea/Coffee
9.45 - 10.00	Prof. Liam Maguire Pro Vice Chancellor of Research Ulster University	Welcome
10.00 - 10.40	Dolores Saunders Total Control Pro	Unlocking Manufacturing Excellence: Strategic AI Adoption for Productivity, Efficiency, and Sustainable Growth
10.40 - 11.20	Dr Dan Bradley Sustainable Smart Technologies Ltd	Retrofitting smart sensors for energy saving, uptime and quality: Where to even start?
11.20 - 11.40	Tea/Coffee break	
11.40 - 12.20	Joanne O'Doherty Kinsetsu	Catalysts of Change : IoT Data Visualisation to improve process flow, resource, and energy efficiency.
12.20 - 13.00	Guven Gurkan Inan Heriot-Watt University	Capability Building through Digitalisation in Manufacturing SMEs
	LUNCH	
14.00 - 14.40	William McColgan Director of McColgans	Routes to digital transformation by a 3rd generation SME
14.40 - 15.20	Dr Mey Goh P-LD lead Loughborough University	People-led Digitalisation: Unlocking the potential for AI and Digital Twin
15.20 - 15.40	Tea/Coffee break	
15.40 - 16.20	Tim Telford CEO, Devtank	Net Zero aspirations? It's all about the data!
16.20 - 17.00	Richard Hogg Innovative Engineering Services Ltd	Preventative Maintenance In A Digital world
17.30	DINNER	Waterfoot Hotel

# Day Two - 6th March

9.15 - 9.30	Registration	Tea/Coffee
9.30 - 10.10	Chris Courtney NMIS	What would a Translational Research Centre look like in 2025 compared to 2000?
10.10 - 10.50	Michael Gleaves Atos	Advanced Computing at Eviden: Sovereign HPC & Vertical AI to Computer Vision.
	Tea/Coffee	
11.10 - 11.50	Lindsey Colton, Terex	Start Small - Think Big - Focus on progress over perfection, do small things well to deliver big change
11.50 - 12.30	Michael Wright, Output Industries	Has Industry 4.0 let down manufacturing?
12.30 - 13.10	Dorian Smellie Total Control Pro	From Adoption to Transformation: Lessons, Advice & Reality of Embracing Digital Technologies
13.10	Lunch and Networking	
	CLOSE
